

# 5th Annual Continuing Education Resource Directory

*ADVANCE* is pleased to offer you its Fifth Annual Continuing Education Directory. This listing of continuing education providers is categorized into 20 specific practice areas for your convenience in finding continuing education opportunities on the topics of your choice.

There are some 2008 CE providers who advertise their courses in the *ADVANCE* weekly calendar. This directory includes

provider and contact information from only those who returned our questionnaire asking them to describe their areas of expertise. You can contact these advertisers to find out where and when they are offering their 2008-09 courses and plan your continuing education year.

Our directory will also be available on our Web site at [www.advanceweb.com/](http://www.advanceweb.com/) SP for convenient access all year long.

If you are more interested in choosing particular dates or places, you can continue to seek those in our regular calendar listings, beginning on page 22 in this edition.

We hope you find this a useful tool in keeping up with your credits. Please contact [bmccafferty@advanceweb.com](mailto:bmccafferty@advanceweb.com) with feedback to help us improve the directory for next year.
